## BANKSIDE - ON - LINE – 21

31<sup>st</sup> December 2011

---

### **A.G.M. 7<sup>th</sup> Feb 2012**

With the A.G.M. coming up in February we need any motions in by the next meeting on the 3<sup>rd</sup> January [next Tuesday] see the Handbook page 9 for A.G.M. details.

These can be presented at the meeting or sent in to me before the meeting so they can be read out and issued via this magazine.

### **Work parties**

There is an error with the March dates in the Handbook. I forgot to take leap year into the reckoning so the dates should read [ with Fishers green to follow ]

January	15 <sup>th</sup> & 29 <sup>th</sup>	Forty hall [ Woodlands lake ]
February	12 <sup>th</sup> & 26 <sup>th</sup>	Forty hall [ Woodlands lake ]
March	4 <sup>th</sup>	Paradise
	11 <sup>th</sup>	Passingford
	18 <sup>th</sup>	T.B.A. depending on how Para and Passi have gone
	25 <sup>th</sup>	Turnford

To fish either Passingford, Paradise or Woodlands during MAY you must work at a work party see page 10 of the current Handbook

Phone to book yourself into any work party, limits on numbers apply on most.

### **Fishers Green**

The forecasted rain did not come to much so the river is still low however fish are still being banked. The pits are being fished but with the size of them it would take a regiment of anglers to put pressure on the fish, so whilst the reports say not many pike banked in relation to the number fishing it is actually quite good.

### **Turnford**

With the weather warming up again there have been more anglers out, mainly Carping on Railway or Boot. Lea has not been tried much whilst on Marsh there have been a few pikers but it is not warm enough to get the Cats moving

### **Paradise pond**

Only two anglers have been seen which along with Passingford [when open] seems to be the norm now every year

### **Passingford**

Those that saw the pond after the diggers left will be very pleased with the way in which it is growing over thanks to the warmer winter so far.

I have been in discussion with the owner about restocking and work around the lake.

### **Outings/matches**

We start again in Jan with Arrons on the 8<sup>th</sup> this is always a popular venue as so far it has never let us down. The Carp don't seem aware of winter and the silver fish have given us nets of 50lbs before.

### **Forty hall**

Don't forget closes this Friday night the 31<sup>st</sup> December until 1<sup>st</sup> April.
