Work parties

This Sunday sees the fifth of the work parties. It will be at **Paradise Lake and Passingford pond**. I need a phone call to sort out who goes to what venue.

The start is 8am meet at the lake.

If anyone has top soil they don't want we can do with it at Paradise to try and get some grass growing as most of the lake is clay and dries right out in the summer.

We can also do with some small gravel or very small rubble to put on the steps to keep them safer in wet weather.

If anyone has any thoughts on work needed please give me a bell on 02085053215 or 07989817316

To fish Passingford, Paradise or Woodlands during MAY you must work at a work party see page 10 of the current Handbook

I suggest you bring Boots, gloves, drink, soap and a towel.

Please phone to discuss any tools you may have that will be useful.

Membership 2012/13

New form for existing members is with this magazine. Complete it and send in as per section 'D' along with old membership card, [or 2 new photos if you wish], and cheque to address on form.

If your category has changed proof as per details on the form.

Section 'A' and 'B' must be completed very clearly as we can not be responsible for non delivery of mail or no E mails being sent out.

As I had lots of trouble with bad E mail addresses this season you will need to E mail me on receipt of your handbook with your 2012 membership number so I can transfer your address straight into my address book.

Section 'C' is there to help out the Society when we need expert advice and also other members. This season several members have been put in touch with others either for advice or works completed by other members.

As usual members will have time to rejoin then new members will be taken in.
