## BANKSIDE - ON - LINE – 43

28<sup>th</sup> Feb 2013

---

### **Work Party**

This Sunday 3<sup>rd</sup> Feb we have one at Paradise lake. [Warlies]  
Bring wellies, drink, gloves, towel, and any tools you may have for pruning  
If we can get the boat on to the lake we will get the fallen tree out, we have pulleys etc.  
but a few hands on the end of the rope won't go amiss. Other than that the order of  
the day will be pruning and bonfires [if we can get two boy scout to rub together].  
Give me a ring to let me know so I can arrange tools etc.  
As usual Start 8am till around Noon  
Due to the changing weather check on the web site Saturday pm for any updates  
Work parties are important please make the effort.

### **Consortiums**

Last week saw the AGM of both Turnford and Fishers green.  
Both consortiums have balanced the books and are looking good for the next season.  
The rents for both have increased by 5% as they have year on year but by good  
housekeeping and a tight reign on our expenditure we have been able to keep Society  
subs the same level for the sixth year in succession even with four new fisheries in our  
portfolio.

### **Old river Lea**

Chub and Perch at the top by the weir when the flow was more or less normal

### **Turnford**

The last few weeks have been hard, Pike seem to be all that has given action.

### **Fishers Green**

We now have 3 Chub over 9lbs banked since Christmas plus some 8's and lot of 7's.  
Barbel have not been so co-operative but fish to 16lbs have been caught.  
Pike have taken over as the stars of Facebook with fish to 27lbs coming out.  
The Channel has been offering a supporting role with Roach, Perch and Pike from the  
lower end

### **Facebook**
