## BANKSIDE ON LINE 5

Issue 4 - Feb 2011

### **SPEEDING**

A stern reminder on speeding in the Lea Valley park which includes Turnford and Fishers Green. Warnings have been given out up to now but bailiffs are now going to start confiscating permits and reporting back to the club concerned and it will incur a club ban as well as loss of the permit for all L.V.R.P.A waters. This may seem draconic but if members of the public complain to the Park we could easily lose our fishing rights. Two Hollow members were warned this week don't let it happen again chaps. So everyone you have been warned from now one hit and you are out.

### **NEW FISHERY**

We have obtained associate membership tickets from Palmers green AS to fish the only stretch of the New River where fishing is allowed. The stretch is from the weir at Ware where it starts downstream to Broadmeads pumping station approximately one and a half miles. Little or no pedestrians on the wide grass banks makes this unique.

Full details will be with but not in the new handbook. All members will automatically get tickets.

This now makes 7 venues consisting of 10 still waters and 5 rivers not bad for a small club and no rise in subs, still the same as three years ago.

Yesterday a 12lb Barbel to one angler and Six Chub to another at the Green. It is getting better as anglers get to know how to fish it. They said the lease was a waste of money !!! Today 14lbs+ Barbel

### **WORK PARTY**

Next work party is the 13<sup>th</sup> Sunday week at Paradise, lots of burning up of wood cut last week

Any information, comments, thoughts or if you have photos or items for sale you can use the link to get in touch and I will try and transfer them to the web site and circulate in the newsletter
