## BANKSIDE - ON - LINE – 52

Join our Facebook page to keep up to date  
4<sup>th</sup> September 2013

### **Bailiffs**

This Thursday we have a meeting for prospective bailiffs at Fishers Green.

At the meeting we will outline their role.

We will need you to complete a form with contact details etc. and the sort of days/times/dates that you could cover. We will then organise a rota fitting in with your availability.

We will need two passport size photos for a photo I D card

8 pm at The Club House, Woodbine close, Waltham Abbey, Essex. EN9 3RP

We are now going to implement a reward system for bailiffs  
If you are interested in bailiffing give me a bell for more information  
02085053215 or 07989817316

### **Fisheries**

#### Turnford

Railway has suffered the loss of 27 Eels up to 7lbs, the EA were advised and took samples .The eels suffered from HVA Herpesvirus Anguillae it only affects Eels so Carp are safe. We are investigating if we can do anything.

All nets must now be dried on and off the pit this includes anglers transferring their swim over onto one of the other pits

Boot is improving every day with carp to 23lbs Tench to 9lbs and several good Perch.

#### Fishers green

As usual there have been fish caught by those willing to put in a bit of research and fish early and late while the river is running low and clear. Colour and increased level suits the midday angler. Barbel to 16lbs and Chub to over 8lbs have been banked.

#### RSA Relief channel

Running clear for so much of the time it has been hard but a couple of double carp and a few Pike on lures from the M25 area.

#### Woodlands

In plain terms it has fished it's nuts off with fish to 18lbs banked and many multiple catches up to 11 fish in a day.

We have banned a couple of members for fishing here without booking first so please read page 22 of Handbook [ you should have read it all and signed it to that ]

#### Paradise lake

At last things are beginning to pick up. It seems that the stock level maybe too low and the fish have plenty of natural food, but Crucians and Carp to 9lbs have come ashore.

We had meeting last night and we have decided to stock Tench and Roach this winter providing there is no more problems. The size will depend on availability and price.

#### New river

The river has been stocked with 100 Brown and 250 Rainbow Trout for the fly fishers amongst you. SEE ATTACHED PHOTOS

You don't need any extra permits but you must phone the Secretary first before visiting to fly fish

**KEEP IN TOUCH**
