Work party

This Wednesday 7th May we have the second combined work party at Fishers Green working with the lads from the fisheries department

We need all the help we can get.

We will start at around 8.30am and finish around noon.

Meet at 8am in the middle car park

The plan is to start clearing obstructions on the middle section starting below the bridge.

Boots and gloves and enthusiasm is all that is needed

Please ensure you sign in with me at some point during the day

Fisheries

Turnford

The good start to the season has continued with fish to 40lbs plus being banked, with many supporting 20 and 30's.

Many of the fish have been photographed on the Facebook page 'slipe lane pits'

Woodlands

The season has got off with a real bang with fish recorded from virtually every swim.

Remember a phone call is needed [page 22] to book. Book early

Fishing without booking will result in a ban when bailiffs returns are examined

Paradise

At last the fish are on the move. Plenty of small ones that have bred there if you fish single maggot near a lily pad and sweet corn or pellet seems to be the favourite for fish up to 9lbs. Our Woodlands bailiff on a first visit there had 6lbs, 8lbs and got broke up.

All the running waters are classed as rivers and are closed until 16th June
